NO. 24

HIGHWAY EAST OF S. P. IS ASKED

**RESOLUTION URGING NEW ROAD
DOWN PENINSULA FROM COLMA
TO RELIEVE TRAFFIC CRUSH
TO BE SENT SUPERVISORS**

At a special meeting held Wednesday night the Chamber of Commerce of South San Francisco took steps to further the movement looking toward better highway transportation facilities down the peninsula from San Francisco. It was an enthusiastic meeting, and a resolution to urge the board of county supervisors to push the project to construct a new highway on the east side of the Southern Pacific tracks from Redwood City north to South San Francisco, then, skirting South San Francisco on the north, to connect with the main state highway near Colma. It is believed this road, in conjunction with the skyline boulevard entering San Francisco further west, would greatly relieve the traffic congestion on the present highway.

The resolution in full is given below:

Whereas, The highways leading from San Francisco into San Mateo county are inadequate to accommodate the traffic which they are required to bear; that in consequence of such inadequacy of highways the development of the city and county of San Francisco and of the county of San Mateo are retarded.

Resolved, By the Chamber of Commerce of South San Francisco, that the board of supervisors of San Mateo county be, and they hereby are respectfully requested, to undertake the construction of a highway on the easterly side of the right of way of the Southern Pacific Railroad Company, and to continue the construction of such highway through the northerly portion of the city of South San Francisco so that it will connect with the highway commonly known as "The Boulevard"; that said board of supervisors be likewise requested to reconstruct said boulevard for the full length thereof. Be it further

Resolved, That said board of supervisors be requested to improve the portion of the Bay Shore road leading from South San Francisco to San Francisco by widening and straightening the same in such a manner as to eliminate the dangerous curves therein.

S. F. MAN ATTEMPTS ASSAULT NEAR THIS CITY SUNDAY

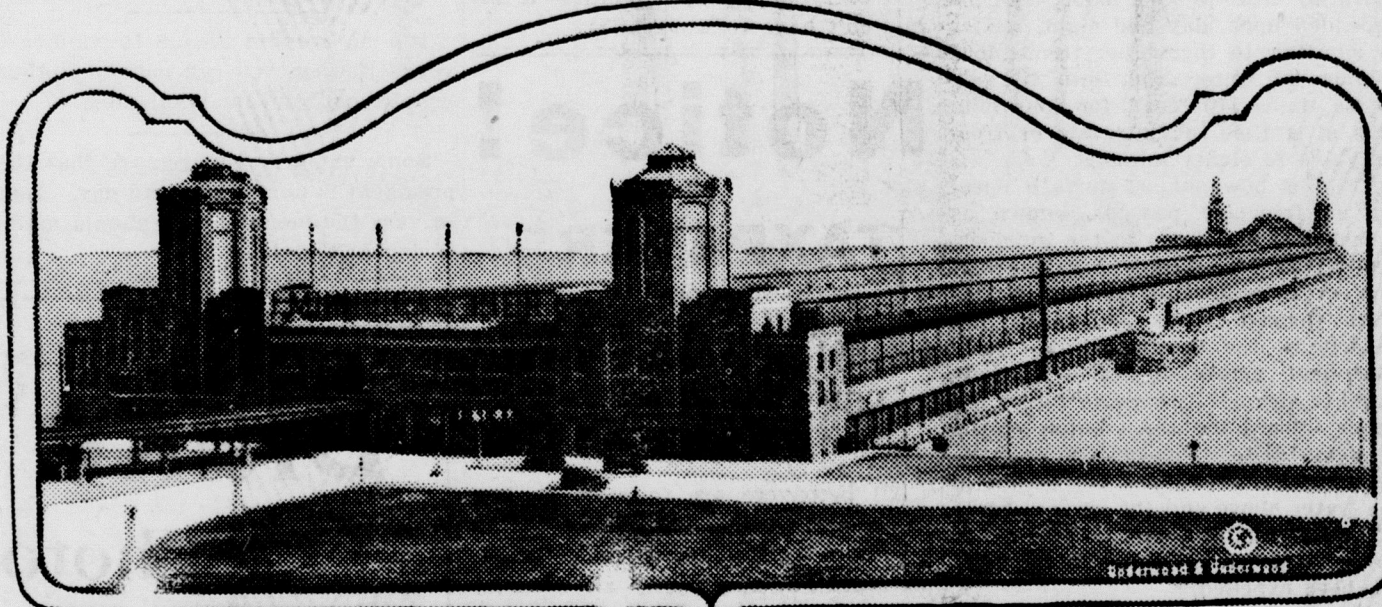

The screams of a woman coming from the bushes off the Bay Shore highway near South San Francisco late Sunday night attracted the attention of Policeman James J. Woods of the harbor police station, San Francisco, and prevented Roy Ruiz of that city from continuing a brutal attack upon Miss Anita Martindale, a dance hall employee. Woods stopped his machine, and upon investigation found the man and the woman engaged in a terrible struggle. Woods states he shouted at Ruiz, who in turn drew a razor and waved it menacingly at him. He claims he was forced to draw a revolver and threaten to shoot before he could subdue the woman's assailant. The officer arrested Ruiz on a charge of attempted assault, and also took Miss Martindale into custody on a charge of vagrancy.

MRS. STEARNS AND MRS. BLANK HONORED AT MINER HOME

Mrs. George Selby, Mrs. Carl Blank, and Mrs. M. Miner entertained a number of friends at Mrs. Miner's home Monday night in honor of Mrs. Paul Plank and Mrs. D. N. Stearns. Those present were: Mrs. W. Ely, Mrs. B. J. Tatum, Mrs. James Kay, Mrs. Carl Blank, Mrs. D. Wagner, Mrs. George Selby, Mrs. Ruth Carey, Mrs. A. J. Nussel, Miss Leeta Clinton, Mrs. Paul Blank, Mrs. L. Selby, Mrs. M. Miner, Mrs. D. N. Stearns and Misses Alice and Dorothy Stearns.

The evening was spent with music and whist and refreshments were served.

Chicago's Municipal Pier a Great Attraction

The great Municipal pier of Chicago is growing in popular favor each day and, aside from being a big attraction for visitors, is being utilized for many civic enterprises. The "Pageant of Progress" will soon occupy the pier.

GREAT BOOSTER BALL PLANNED FOR S. F.

**Saturday Night to See Brilliant B. B.
Festival and Ball in the City's
Great Exposition Auditorium.**

Many residents of San Mateo county are planning to attend the great booster festival and ball to be held in the Civic Auditorium next Saturday evening. It will be one of the most brilliant affairs of the season, and it is expected that it will draw a great throng from all over northern and central California. It is one of the big events in the BB campaign planned to advertise to the world the great natural and industrial advantages of northern and central California.

Miss Leila Todd of San Francisco has been chosen as queen of the festival and ball, and she will be supported by a court of beautiful girls representing the cities of the huge region interested. These young ladies will come from as far south as Fresno and as far north as Ukiah.

At the ball many valuable presents will be given for beautiful costumes, original costumes, most typical California costumes, etc., while prizes will also be given for the best dancers.

LADIES' AID HOLDS ITS ANNUAL DOLLAR SOCIAL

Thursday, June 9th, the Ladies' Aid of St. Paul's Methodist Church gave its annual dollar social at Martin's Hall. The program began with a number played by Mr. Cadero's mandolin and guitar club, a new organization in South City. "Aunt Jerusha Dow's Album" was the next on the program, which featured twenty-five people in old-fashioned dresses as living pictures. Mr. Hardy and Mr. Walker sang a duet, "Silver Threads Among the Gold," and "Absent" as an encore. Miss Elizabeth Coffinberry gave a piano solo, and Miss Alice Stearns sang "Ave Maria" and "The Road That Leads to You." Mr. Walker sang "Land of the Long Ago" and "The Sunshine of Your Smile."

MISS FROST'S PUPILS IN RECITAL IN SAN FRANCISCO

The piano pupils of Miss Hazel M. Frost appeared in recital at the Artist's gallery in the Hotel Richelieu, San Francisco, last Sunday afternoon. Irma Galli, Eleanor Galli, Dorothy Truax, Josephine Bollazzi, Dorothy Stearns, and Jean Dotson, all of this city, appeared in numbers on the program. The entire recital was well carried out, according to those who attended. Local people who attended included Mrs. Ernest Galli, Mrs. Charles Bollazzi, Mr. and Mrs. B. H. Truax, Mrs. I. M. Dotson, Mrs. Rose Galli, Mrs. A. Gsell, Mrs. D. N. Stearns, Miss Alice Stearns.

The Liberty Band of this city played last Sunday at the home of the mayor of Gilroy by the mayor's special invitation.

WORK STARTS ON NEW SCHOOL BUILDING

**Ground Broken for Long-Desired
School in North Part of Town.**

Ground was broken Wednesday of this week for the new school building to be erected in the north part of town at the corner of Maple and Armour avenues. The school trustees recently awarded the contract for the structure to Richard Keller of Oakland. The amount of the bid is \$12,000, and the plans specify that the building is to be of two rooms, with an auditorium. Bids were asked for on two sets of plans, one for the two rooms completed but the auditorium unfinished, the other for all rooms complete. The contract was awarded on the latter plans.

It has been expected that work on the building would be finished in time for the fall term of school, but owing to troubles and delays in the building world it is feared this may be impossible, though the work is to be pushed with all possible speed. The new school building is badly needed here to relieve congestion in the other schools.

ASKS GUARDIANSHIP OF HONORA SULLIVAN ESTATE

A petition for appointment as guardian of the property and estate of Miss Honora Sullivan, former resident of South San Francisco, was filed in the superior court Tuesday by the Rev. Cornelius E. Kennedy of Redwood City, through Attorney James T. O'Keefe.

Miss Sullivan was recently arrested and charged with assault with a deadly weapon when she attempted to use a gun when her property was removed from a house by Under Sheriff H. W. Lampkin and Deputy T. C. McGovern. She was afterward examined as to her sanity and committed to Agnews and the assault charge dismissed.

The applicant recites in his petition that he is familiar with her property, which consists of stock in the Fireman's Fund Insurance Company and cash in San Francisco banks.

JAMES CHARGE DROPPED.

The charge of larceny on which Mr. and Mrs. Carl James of Daly City were recently arrested and brought to court in South San Francisco, was dismissed recently and Mr. and Mrs. James given their freedom. James has been in the county jail since his arrest over a month ago. The American Barium Company of South San Francisco, the complainants, who had charged the James with stealing several electric motors, failed to appear.

F. MINER GIVEN PARTY ON SEVENTY-SEVENTH BIRTHDAY

A delightful surprise party was given at the home of Frank Miner last Sunday in honor of Mr. Miner's seventy-seventh birthday. The evening was spent in playing cards and music, after which refreshments were served. Mr. Miner is a pioneer resident of this city.

MR. AND MRS. ROSSI ENTERTAIN AT DINNER SATURDAY EVENING

Mr. and Mrs. Charles Rossi entertained several friends at dinner last Saturday evening. The guests were Mr. and Mrs. William Spangler, Mr. and Mrs. J. H. Holbrook, and Miss Rue Clifford.

CHAMBER OPPOSES PROPOSED BRIDGE

**Believed That Drawbridge in S. F.
Would Congest Traffic.**

The South San Francisco Chamber of Commerce is opposed to the proposition to have a drawbridge at Seventh and Channel streets, San Francisco. A resolution to that effect was adopted at a special meeting of the Chamber held last Friday evening. It is held by the members of the Chamber and San Mateo county residents generally that such a bridge would result in greatly delayed traffic into San Francisco at the point where the bridge would be located.

The proposed new county hospital also came in for discussion at this meeting, Supervisor Thomas L. Hickey urging the immediate construction of the building, while several local business men expressed views that a great saving in construction costs would be effected by a short delay in letting the contracts.

Below is the resolution adopted on the bridge matter:

Whereas, Case No. 1321, Moody State Company vs. Southern Pacific Company, is an action before the Railroad Commission, set for hearing Tuesday, July 12, 1921, for the purpose of requiring the Southern Pacific Company to put a drawbridge on Seventh street across Channel street in San Francisco, to permit the establishment of Channel street as a navigable street as far as Eighth street, and

Whereas, This drawbridge would necessarily interfere with the suburban service to South San Francisco because of its very nature, and

Whereas, South San Francisco and the entire county of San Mateo are now demanding of the Southern Pacific Company more frequent and rapid service, which would be almost impossible if such service had to contend with the drawbridge at Channel street. Now, therefore, be it

Resolved, That the South San Francisco Chamber of Commerce protest to the Railroad Commission of California against requiring the Southern Pacific Company to construct and maintain such drawbridge for the reason set forth above, and be it further

Resolved, That a copy of this resolution be forwarded to the Railroad Commission immediately; and be it still further

Resolved, That the secretary of the South San Francisco Chamber of Commerce be instructed to appear at the hearing of July 12th to protect the interests of South San Francisco in this matter.

CAMPFIRE GIRLS PLANS VACATION TRIP TO LA HONDA

The local Campfire Girls, about fifteen in number, are planning to leave Monday morning for a week's camping trip to the mountains near La Honda. The girls will be accompanied by Miss Caroline Reed and Miss Vera Bullwinkle, teachers in the local schools.

MRS. J. H. HOLBROOK GIVES LUNCHEON FOR MRS. STEARNS

Mrs. J. H. Holbrook entertained at her home Monday noon with a luncheon in honor of Mrs. D. N. Stearns, who expects to leave this city soon. Those present were: Mrs. Henry Lincol, Mrs. I. M. Dotson, Miss Bernice Holbrook, Mrs. Stearns and daughters, Alice and Dorothy.

COUNTY HOSPITAL SUBJECT OF DEBATE

**Discussion at Chamber of Commerce
Meeting at Burlingame Heard With
Keen Interest by Many.**

One of the largest gatherings that ever assembled at a Chamber of Commerce meeting in San Mateo county gathered in Burlingame Monday evening to hear a debate on the proposition to build a hospital for San Mateo county. Other questions pertaining to the county's welfare were also taken up, but interest centered mainly about the hospital discussion. President J. J. McGrath of the Three Cities Chamber of Commerce presided.

The first address of the evening was made by P. R. Thompson, president of the Civic League of Improvement Clubs of San Francisco and a member of the South San Francisco Chamber of Commerce. Mr. Thompson's talk dealt mainly with the matter of better transportation from San Francisco down the peninsula. Drawing the contrast between Los Angeles, with seven great highways radiating out of the city and San Francisco with but one, Thompson declared that the big bay city must have better transportation facilities, both highway and railway, with Market street terminals for the railroads. Mr. Thompson stated that his organization had taken the matter up with authorities in the city, and had been promised the Twin Peaks tunnel as an entrance into San Francisco for additional electric lines.

"An executive committee of all the Chambers of Commerce of the peninsula is needed to work out this vital problem—electric transportation. It will take money to employ an electric transportation expert, and it will take the joint co-operation of every agency standing for community development in the peninsula. I can assure the people of San Mateo county the co-operation of the Civic League of Improvement Clubs of San Francisco," Thompson stated.

After the discussion of several matters of interest chiefly to the district surrounding San Mateo and Burlingame, the county hospital was brought up. Supervisor Thomas Hickey and Mrs. John L. McGinn of San Mateo supported the proposition to begin the construction of a hospital as soon as possible. Judge E. E. Cunningham of South San Francisco and Robert Caldwell of San Mateo upheld the negative side of the question. Each of the two last speakers declared he was in favor of the hospital, but was sure that if its construction were delayed even three months it would mean a saving of thousands of dollars for the taxpayers. Supervisor Hickey and Mrs. McGinn based their arguments in urging the hospital on the pressing need for such an institution in this county. Mrs. McGinn stated that if an epidemic should break out the county might have considerable difficulty in getting its sick cared for.

Several others mingled in the discussion, among them Dr. E. A. Benner, who spoke of the urgent need of a hospital; Mayor W. H. Pearson of Burlingame, who stated he believed the county should build temporary quarters for patients who cannot be accommodated at the present hospital pending the building of a new institution, and Mrs. Jessie Stanley of the State Board of Charities, who urged the need of more up-to-date facilities for caring for the indigent sick in this county.

There were a large number of residents of South San Francisco, San Bruno, Colma, and Daly City at the meeting.

SCIOIS AND FRIENDS ARE GUESTS AT GARDEN THEATER

Over 800 San Mateo county Sciois, their families and Masonic friends, were guests Wednesday evening of Manager Lowry of the Garden Theater, Burlingame. The pretty playhouse was crowded to its capacity by the noisy, good-natured audience while a program of pictures and vaudeville was put on. The band of San Francisco Pyramid No. 1, some thirty pieces strong, all attired in gorgeous zouave costumes, gave a concert on the street before the show and rendered selections in the theater during the performance. Every part of San Mateo county was represented in the throng.

CONTRACT FOR CO. HOSPITAL AWARDED

**BARRETT & HILP OF S. F. GET
GENERAL CONTRACT ON THEIR
BID OF \$175,974; OTHER CON-
TRACTS TOTAL \$226,154.**

The long controversy over whether the building of the proposed county hospital should be started immediately or held up for a few months was, apparently, settled at the special meeting of the board of county supervisors held at Redwood City Tuesday, when the general contract for the work was awarded. The firm securing it was Barrett & Hilp of San Francisco. The motion to make the award was made by Supervisor Thos. L. Hickey, seconded by Supervisor Mrs. Brown, and passed unanimously. The amount of the bid is \$175,974. This bid provides for a reinforced concrete construction. The bid was submitted to the board at its meeting held May 16th.

Other contracts were awarded as follows:

Plumbing to J. J. McLeod, San Francisco, \$22,900.

Electrical work, Mark Ryan, Redwood City, \$10,500.

Heating and ventilating, J. F. McGowan, San Mateo, \$16,780.

All of these bids were submitted to the board May 16th.

Prior to the awarding of the contract the board voted to reject all bids received as called for in the addenda of the notice to bidders, an opinion having been rendered by District Attorney Swart that the bids called for were not competitive, owing to no plans being furnished by the architect, and were therefore not in accordance with the statute, which calls for competitive bidding.

FAMOUS TRAIN ROBBER WELL KNOWN IN SO. SAN FRANCISCO

Many residents of South San Francisco are much interested in the search now going on in federal and local police circles all over northern California for the notorious train robber Roy Gardner, who escaped from his guards last Saturday while en route to the prison at McNeill's Island.

Gardner is well known in this city, having worked for a year or more as a foreman at the Schaw-Batcher shipyards. While here he is said to have borne a good reputation and to have been well liked by his employers as well as by the men under him.

All postmasters and police in San Mateo county have been warned to be on the lookout for Gardner, as it is thought possible he may be headed this way.

Later—Dispatches late this afternoon brought information that Gardner has been captured at Centralia, Wash.

MRS. CHAS. BOLLAZZI GIVES PARTY ON HUSBAND'S BIRTHDAY

Mrs. Chas. Bollazzi gave a surprise party at her home Monday night in honor of her husband's birthday. A very enjoyable evening was spent in conversation. Refreshments were served. The guests were: Mr. and Mrs. Silvio Nieri, Adele Nieri, Mr. and Mrs. John Tacchi, daughter Enez and son Emelio.

FAILS TO GET DAMAGES FOR BEING PUT FROM TRAIN

A jury in the court of Superior Judge Griffin in San Francisco Tuesday returned a verdict in favor of the defendant Southern Pacific Company in a suit for \$22,310 damages filed by Giovanni Molino, a tailor. Molino originally filed suit in San Mateo county, a change of venue having been secured.

Molino was ejected from a train at Burlingame because he could not find his ticket.

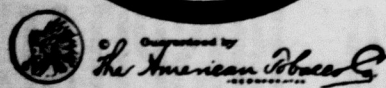

Miss Hazel Frost, the popular music teacher, is planning to leave for a vacation of several weeks soon. Miss Frost will close her local studio June 25th and reopen it again the first week in August.

OLD FAITHFUL GEYSER

THE Lord didn't make many geysers or water volcanoes, but he gave a distinct individuality to each of the few which he did make.

He placed the majority of them in Yellowstone park and of these, one has been dignified with the name—Old Faithful, because of its dependability.

Geysers are do-as-you-please freaks of Nature. Their activities are generally devoid of any regularity. Some "go off" with great frequency: Others only at long intervals. But, Old Faithful, true to the name, can be depended upon, day and night, winter or summer, to thrust her tremendous column of water high into the air (some times 170 feet), for four minutes at a time, at intervals of from sixty-five to eighty minutes.

From a bowl-shaped surface opening an irregular passage, known as a tube, reaches down to the intensely heated regions. Water from the surface or underground springs trickles down through rocks and holes and collects in the bottom of this tube. The heat makes it boil. Then it turns to steam. The steam forces the water toward the top. Later, clouds of steam arise. Finally, the pressure of the steam overcomes the weight of the water above and the geyser erupts with astonishing force, continuing to do so until all the water in the tube has been expelled.

The discharged water falls to the ground and cools off. Soon the water again collects in the tube, becomes heated to the breaking-out point and the operation is repeated.

According to observations made by the U. S. Geological Survey, Old Faithful "shoots" 1,500,000 gallons of water at each eruption, or about 33,225,000 gallons every twenty-four hours—enough to supply a city of 800,000 inhabitants.

Mr. Edsel B. Ford, president of the Ford Motor Company, gives out the following statement:

"Another reduction has been made in the list price of all types of Ford cars and the Ford truck to take effect immediately. The list prices, f. o. b. Detroit, are now as follows:

TOURING CAR	\$415.00
RUNABOUT	370.00
COUPE	695.00
SEDAN	760.00
CHASSIS	345.00
TRUCK-CHASSIS	495.00
TRACTOR	625.00

"The big reductions last fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May, 1921, was greater by 56,633 cars and trucks than for the same two months in 1920, in fact the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest month in the history of our company—and our factories and assembly plants are now working on a 4000 car daily schedule for June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor."

Can you afford to go without a car any longer when Fords are selling at these new low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck, or Fordson tractor.

We will gladly advise you concerning the delivery of a Fordson Tractor or the particular type of car in which you are interested. Just 'phone us or drop us a card.

PRACTICAL RECIPES

HOMINY GRITS ARE BASIS OF TWO DELICIOUS PUDDINGS

Hominy grits are comparatively inexpensive, and are excellent as a cooked breakfast cereal or as a foundation for other dishes. Here are two recipes for using hominy grits, recommended by food specialists.

Hominy Date Pudding

- 1 cup hominy grits.
- 5 cups milk.
- 1 teaspoon salt.
- 1/4 cup of sugar.
- 1 cup chopped seeded dates.
- 1 teaspoon vanilla.

Add the salt and hominy grits to the milk, and cook in a double boiler one hour. Add sweetening, dates, and vanilla and mix well. Partly cool before serving.

Fruit Scallop

- 1 1/2 cups cooked hominy grits.
- 1 cup stewed and sweetened apricots.
- 1/2 cup apricot juice.
- 1/2 tablespoon butter.

Into a greased baking dish place, first, a layer of the hominy grits which have been mixed with the fruit juice, then a layer of the stewed fruit. Repeat until dish is nearly full. Dot over with the butter, and sprinkle with one tablespoon of sugar mixed with cinnamon. Bake until brown. Serve hot or cold with sauce or top milk.

Dried or canned fruit can be used.

GIVE FREQUENT CARE TO THE ICE CHEST IN SUMMER

Choose a well-made ice chest; it uses less ice than one of poor construction. It should keep a temperature of 50 deg. F. or less.

Keep the ice chest clean; wipe up anything spilled in it and, when necessary, wash it out with hot water, using two tablespoons washing soda to each gallon of water; rinse and dry thoroughly. Keep the drainpipe clean by flushing with hot water and cleaning with a long-handled brush. Such cleanliness does not prevent ice from melting; it does save food from spoiling.

Keep the ice compartment well filled. This is economy in the long run. Do not cover the ice with ice blankets, newspapers, or cloth. These prevent the ice melting, but make the ice chest less cool. Do not keep foods in the ice compartment, as the melting of the ice is increased every time the door is opened. Do not open the ice chest doors unnecessarily. When one is opened, cold air rushes out and warm air rushes in. See that doors are closed tight after use, not left

ajar.

Select fairly thin dishes for ice-chest storage. Thick dishes take up and hold heat. Enameled ware and ordinary glass are better than heavy earthenware. Never put warm food or warm dishes into the ice box. Chill drinking water and such foods as butter, radishes, and olives by letting them stand in the ice chest rather than by serving them with chipped ice.

CAN PLENTY OF CHERRIES FOR PIES NEXT WINTER

Sweet white and large black cherries are usually canned unpitted, but acid cherries ordinarily are pitted before canning. Unpitted cherries present a more attractive appearance, and many like the flavor the pit gives to the product. The following directions for canning this delicious fruit are given by the United States Department of Agriculture:

If cherries are to be canned whole, plunge them for twenty to thirty seconds in hot water. This prevents splitting. A syrup for sweet cherries may be made of 3 1/2 pounds of sugar to 4 quarts of water. Pack cherries, whether pitted or unpitted, to within one-half inch of top in jars which have been boiled fifteen minutes. Fill jar with syrup and put on rubber, which has been for fifteen minutes in a solution made from one tablespoon of soda and one quart of boiling water. Remove top from water in which it boiled for fifteen minutes and place on jar. Partially seal jar. (With glass top can, put one ball in place. With screw top jar, screw half way on.)

If steam pressure cooker is used, place jars in cooker and process quart jars twenty-five minutes. When a commercial hot-water bath canner or a home-made one is used, place the jars (after partially sealing) in the canner on a false bottom. Water should cover the jars. Do not start counting time until the water is boiling. Process quart jars for twenty minutes. When processing is finished, remove jars, complete sealing, test for leaks, and store in cool, dry place. If the jar leaks, remove rubber and put on new wet one and process fifteen minutes more.

REASONS FOR GROWING FRUIT IN HOME GARDEN

Home-grown fruit is desirable, say specialists of the United States Department of Agriculture—

Because it reaches the family fresh and in the best possible condition.

Because the family has fruit of which it would often be deprived if it

had to be purchased.

Because, if the proper varieties be selected, a continuous supply of fruit of superior quality may be secured, regardless of market prices.

Because any surplus may be sold

without difficulty, or may be canned, evaporated, or otherwise conserved for use when fresh fruit is not available.

Because the care of the home fruit garden provides for congenial and

profitable spare-time occupation, which is in reality recreation for those who enjoy seeing things grow.

Yes, marriage will always be a certainty as long as we have people with unlimited courage.

When a girl accepts a fellow it is an indication that she approves of the grade of candy he takes around.

Some people are seldom satisfied with this world until they reach the next and wish they were back again.

FIGHTERS AND FIGHTERS

Fistic fans are speculating at a lively rate on the result of the coming fight between Georges Carpentier, the French war hero, and Jack Dempsey, the American "fighter" who failed to fight for his country.

The money is on Dempsey, but popular sympathy and favor is unquestionably with the Frenchman.

National pride should prompt a person to root for his countryman, provided that countryman is one worthy of the name.

But—Carpentier quit fighting in the ring in order to fight the enemies of his country.

He is a man, regardless of what some may think of his calling.

WORTH A TRIAL

When the evening meal is over, and you indulge in your hour or two of reflection, is your business uppermost in your mind? It shouldn't be. It but adds to the general mental fatigue which already weighs you down.

Possibly you have a home, a lawn, a back yard, and a garden. Thinking and planning for their improvement will afford your tired brain the change and relaxation it requires.

That hour of reflection each day will produce wonderful results if employed in the proper manner, whereas continued concentration upon affairs of business will blunt your intellect and weaken your powers of perception.

Grass will not grow without water to nurse it along, and neither will the brain continue to function without the rest that is necessary to replenish its exhausted vitality.

England and France have unofficially advised us that they intend some day to pay the debts they owe this country. Our grandchildren's grandchildren will be duly impressed with their generosity.

There is a time and a place for all things, but we suspect that too frequently they are in hiding.

The fool, however, never admits his identity.

DALY CITY GIRL DROWNED AT FALLEN LEAF LAKE

Miss Jean Wilkie, 19 years of age, daughter of D. W. Wilkie of 338 Winchester street, Daly City, was drowned on Sunday night in Fallen Leaf Lake, near Lake Tahoe, according to word received at her home.

With Miss Wilkie were Mrs. G. A. Wilber, De Long Wilber, her son, and Miss Grace Wilber, her daughter, all of whom were drowned at the same time. According to reports received, the party was attempting to change from one boat to another when the accident occurred. Miss Eileen Wilber, another daughter of Mrs. Wilber, was rescued by a boatman employed at Fallen Leaf Lodge.

Miss Wilkie came to Daly City from Scotland about eight months ago, and had been employed at W. & J. Sloane Co. in San Francisco.

Blue and White

Official Paper of the
So. San Francisco High School

RAY SPANGLER
Editor

EDITORIAL

AU REVOIR

The "Blue and White" terminates its first season with this issue. We have done our best to make this sheet represent what it should be—a South San Francisco High School booster! But our best was not good enough, and there are many improvements that next term's editor, Miss Edna Broner, should make. The success of the paper depends almost entirely on the editor. It means outside work with little compensation. One of her tasks will be securing the co-operation of her staff. But if she herself is the real booster that we think she is, the "Blue and White" will continue. There can be few better opportunities to show the lively school interest and spirit that we claim to have than in the school paper. May it progress in the future, and we hope that the policy which we have tried to follow will be followed more closely in the future—BOOST.

GRADUATES

At this time, it is to be expected that we do not forget the seniors of 1921, or rather the graduates of 1921 (for the seniors of 1922 might challenge the title). Only about 7 per cent of those that enter high school graduate. It takes a hard, four years' climb to reach the top, and the weaklings fall by the wayside. It is a survival of the fittest. The graduates must, therefore, be strong enough to enter the bigger world. Of course, it is sad to leave school, and we are all rather prone to look back and remark of "the good old days." There are few greater tragedies than the return of the graduate after four years away from high school. Not a soul but a teacher or two knows him. New, laughing faces enjoying his old, familiar haunts seems like a sacrilege. But there is only one way to avoid sorrowful recollections. Live your life well, do the best that's in you all the time. Then, when you look backward, satisfaction takes the place of sorrow.

There are few things more joyous than meeting old classmates after a year or so of absence. Friendships that are made in school, during the final struggle for exams, etc., stick. We can all enjoy this reunion at the alumni banquets each year, and may our present graduates all be there.

HIGH FRESHMAN NOTES.

(By Ambrose Aylsworth.)

At the last regular meeting of the year, last Friday, the following were elected: Wesley Dotson, president; Winifred Shaw, vice-president; Laura Baldini, secretary; Marian Fischer, treasurer.

This has been a very successful year for the high freshman class. They have shown class spirit and school spirit in winning the five dollars in the ticket-selling contest of the last play, and they are right out after the prizes offered for the sale of annuals and intend getting them both. They have planned a bigger and better showing next year, and plan keeping up the class paper.

They are giving a big farewell party Wednesday evening for a class send-off.

Ambrose Aylsworth was chosen delegate to the senior luncheon.

I am submitting a little "Ode to the Odorous Sophomores," composed by one of our classmates:

The sophomore boys are no good,
Their heads are made of wood;
The sophomore girls are just as bad,
Such things as brains they never had.

The high freshmen wish the high school a pleasant vacation.

GIRLS STAGE SUCCESSFUL GYM JINKS

The last gym jinks of the season was the scene of many unique stunts. The headliner was the championship bout between Dempsey (Miss Myrtle Mullin) and Carpentier (Miss Sarah Doak). Carpentier was awarded the decision. The Freshman Twins (Misses Whitten and Broner) presented spring songs and dances. L'il Eva and Topsy (Misses Emerick and Holley) next appeared. The low freshmen then officiated in the burial of the sophomores. In the games, the juniors were beaten by a combination team at basket-ball, and the low freshmen defeated the high freshmen at volley-

BRILLIANT SCENE AT COMMENCEMENT

Pleasing Program Rendered When
Class of '21 Receive Diplomas.

Before an audience of relatives and friends that taxed the capacity of the high school auditorium, the graduates of the class of '21, South San Francisco High School, received their diplomas Thursday evening. It was a brilliant scene, and every number of the program went off without a hitch. Raymond Spangler, valedictorian of the class, delivered a stirring address entitled "Obligations of a High School Training." Spangler has taken a prominent part in the school activities during the year just closed as well as in former terms, and will be much missed at the school. The address to the class was delivered by District Attorney Franklin Swart. A talk that embodied a report on the present thriving condition of the school, its work in the past and some of the plans for it in the future, was given by Principal L. E. Adams. The diplomas were given out by W. H. Dinning, president of the board of school trustees. The program in full is given below.

SCHOOL PUBLICATION, "THE IRIS," IS OUT

Issue This Year Is Great Credit to the
Class of '21.

The Iris, the publication issued each year by the graduating class of the South San Francisco High School, appeared this week, and most of the issue has already been disposed of.

The book is bound this year in a sage-colored imitation leather paper, which is a decided and pleasing departure from the cover papers usually seen on such volumes. The class color (red) appears in a neat design on the cover and stands out vividly against the greenish background.

The body of the book is printed on a heavy, coated book paper of excellent quality. Inside is to be found the usual sketches, stories, departments of jokes, athletics, dramatics, etc. Many of these are of high quality. Two bits of fiction are in foreign languages, one by Miss Edith Broner being in French, the other by Miss Carlota Empena being in Spanish.

The book is dedicated to the school trustees. Its editor is Bernice Holbrook, its business manager Reese Lloyd, while Raymond Spangler appears as assistant business manager.

The drawings in the book are by students, and from cover to cover the publication is a great credit to the class of '21.

It is from The Enterprise press.

CLASS DAY PROGRAM.

On Tuesday the class day program for Thursday was announced. The senior luncheon took place about 12:30. The table was decorated to carry out the idea of the wireless. The toasts were arranged as follows:

SenderHaydn McMills
Receiving Station.....Mr. Adams
RadioBernice Holbrook
AntennaeGrace Robinson
S. O. S.James Diggle
MessageAmbrose Aylsworth
AerialsElizabeth Coffinberry
Transmitting Station.....
.....Raymond Spangler

After the luncheon the seniors led the class pilgrimage, and bade farewell to all of their teachers, classes, and classmates.

EXAMINATIONS FOR HIGH AND JUNIOR HIGH HELD THIS WEEK

Examinations for high school and junior high school were held in this city Tuesday and Wednesday.

The following is a program of the school events of the week centering around the high school and the graduating class:

Thursday (Class Day) the "Senior Pilgrimage" was held. At noon a luncheon was given the senior class by the juniors.

Thursday evening, commencement exercises at the high school auditorium.

Friday evening, "Senior Ball" given by the student body in honor of the senior class.

Saturday evening a banquet was given by the Alumni Association at the Fairmont Hotel in San Francisco, with initiation of the class of '21.

The following junior high school students took the county examinations. Results have not yet been determined: Walter Holworth, Frank Whitehouse, Mylan Conrad, Milio Alcone, Mabel Costa, Margaret Murray, Emma Donati, Rita Castro, Ernest Bonalanza, William Benedetti, Lena Brusco, Imelda Smith, Fannie Laufer, Sylvia Thomas.

CLASS OF '21 ENTERTAINED.

The class of '21 of the local high school was entertained on Friday evening of last week at a "movie" party given by Mrs. C. E. Stahl, assisted by Miss Florence Brawn. Each guest portrayed the character of his or her favorite "movie" star, and much hilarity was occasioned as each would-be star was put through various stunts pertaining to filmland.

Later on in the evening the guests were ushered into the dining room. The table was beautifully decorated in the class colors, the centerpiece being a red ship bearing the name "21."

The guests present were: Hilda Elmers, Bernice Holbrook, Lucille Strand, Edith Broner, Miss Shaw, Alma Stahl, Reese Lloyd, Leo Murray, Raymond Spangler, and John Gardner.

After the refreshments, the evening was spent in playing games and singing.

LOW FRESHMEN ELECT OFFICERS.

June 7th, the low freshmen held their last regular meeting, at which they elected their class officers. The following were elected: Charles Sig-

berry, vice-president; Isabel Lynch, secretary; Ernest Robinson, treasurer; Genevieve Schmidt, girls' manager; Lester Vaccari, boys' manager. Results of the student body election: President, Haydn McMillis; vice-president, Elmer Vaccari; secretary, Grace Robinson; treasurer, Rosalind Gsell; editor of Blue and White, Edna Broner.

SCHOOL TRUSTEE AWARDS CUP.

Our worthy school trustee, H. A. Cavassa, has donated a beautiful loving cup to the championship volleyball team of the G. P. A. L. The cup will be on exhibition at the Peninsula Drug Company. This is the first trophy ever awarded the school, but it is by no means the last.

MISS ALMA STAHL ENTERTAINS GRADUATING CLASS

Friday evening, June 10th, the class of 1921 was entertained at the home of Miss Alma Stahl. The entertainment was cleverly arranged. Each of the guests appeared in the likeness of some movie star, and were filmed in a five-reel super-production, "The Seniors' Special." Refreshments were served at 10:30, and the guests left at 12, after a hilarious evening.

HIGH SCHOOL INTELLIGENCE.

(Note.—The following are a few excerpts from the eighth grade county examinations, so the title should truly be "Grammar School Intelligence.")

"The glacial period is now about over."
"Big trees grow in Redwood City."
"Los Angeles harbor is very nice, being located near the coast."
"The climate of California is modern."
"The Big Trees are one hundred feet in diameter and twelve hundred feet tall."
"Sugar is made from bones."
"The coast line is about one thousand miles long and two hundred miles wide."
"The big trees are one thousand

years old and a hundred feet high."
"The coast line is about three hundred feet below sea level."
"White house is wash; is a magnificent scene."
"The coast line of California runs lengthwise with the coast."

Getting Next.

"Why do you always glance into that notebook before you go to call on a customer?"
"I carry a little personal data in this book," said the smart salesman. "I've sold thousands of dollars' worth of goods by knowing when to bring up the subject of golf, motoring, fishing, hunting, poker and home brew."—Birmingham Age-Herald.
If you pine for a happy home give your wife an occasion to complain.

And Some Other Things.

According to Hindu legends, the god Vulcan, of Hindu mythology, created the world. When he started on woman he found he had used up all available materials but knew that the world would be nothing without women, so he took—

The roundness of the moon.
The undulating curve of the serpent.
The graceful twist of the creeping plant.
The slenderness of the willow.
The velvet of the flowers.
The lightness of the feather.
The gentle gaze of the doe.
The frolicsome reflection of the dancing sunbeam.
The tears of the cloud.
The inconsistency of the wind.
The timidity of the hare.
The vanity of the peacock.
The hardness of the diamond.
The chill of the snow.

The cooing of the turtle dove.

All these he combined to form this glorious being—woman.—Washington Times.

Matter of Life and Death.

A minister who guarded his morning study hour very carefully told the new maid that in no circumstances were callers to be admitted—except, of course, he added, in a case of life and death.

Half an hour later the maid knocked at his door.

"A gentleman to see you, sir."
"Why, I thought I told you—"
"Yes, I told him," she replied, "but he says it's a question of life and death."
So he went downstairs and found an insurance agent.—Houston Post.

When writing a letter in hopes that there will be no reply, just give it to your husband to mail.

Tact.

Madam, the chapeauist, had bought six hats. Trying one of them on the first customer, who was thin, she said:

"It makes you look plump!"

And the first hat was sold.

To the second customer, who was fat, she said:

"It makes you look thin!"

And the second hat was sold.

To the third customer, who was florid, she said:

"It makes you look pale."

And the third hat was sold.

To the fourth customer, who was pale, she said:

"It gives you such a healthy glow!"

And the fourth hat was sold.

To the fifth customer, who was tall, she said:

"It decreases your height."

And the fifth hat was sold.

To the sixth customer, who was short, she said:

"It adds considerably to your height!"

And the sixth hat was sold.

And all of the six hats were alike!—Town Topics.

Her Object.

"Maud wouldn't say a word to the reporter about her case unless he'd promise to print her picture."

"Vanity, I suppose."
"No, business. She says that in her previous divorce case her photograph got her a new husband almost immediately."—Boston Transcript.

Greatness of achievement seems to have much to do with being able to throw off small worries before they make a mental impression.

It used to be said that "one man's drink is another man's poison," but nowadays about all of them are that kind.

SAN BRUNO LOCALS

Mrs. Barnet of Third Addition is again under the care of her family physician.

Building is active at present in this city, which necessitates the immediate enlargement of the local planing mill.

There was no meeting of the Chamber of Commerce Wednesday evening. Graduation held the right of way.

Mr. and Mrs. E. A. Eikerenkotter and family have taken up their residence on Poplar avenue, Fourth Addition, during the past week.

Mrs. Rutherford, who arrived from Ireland on the Celtic two weeks ago, is at present visiting her son, whose home is in Huntington Park.

The whist party given by the Woodmen of the World tonight at Carpenters' Hall promises to be a most successful and well-attended affair.

The moonlight picnic to be given by the local homestead of the Yeomen of America at Beresford Saturday is for members only or strictly by invitation.

Mr. Knight, the new principal of the Edgemont and Northbrae schools, has rented the Lyman house in First Addition and expects to take up his residence there shortly.

The Daddies' Club meets in special session tonight in order to lay plans for the entertaining of the boys of the Junior Naval Service, who are coming in the hills immediately west of town.

Monday, Principal McCuen took the eighth grade for a picnic to Mount Tamalpais. A most enjoyable time was had. Mrs. McCuen acted as chaperon to the young ladies of the class.

This week has been youth's week in San Bruno, which culminated graduation day in a glorious promise. We trust that the lives of those graduating will see the fulfillment of the promise.

Saturday night at the Bellevue Tavern a wireless dance and concert will take place. A large crowd is assured, as well as a number of visitors from cities along the peninsula and San Francisco will attend.

Peter Gouzenes commenced work this week on the new outbuildings of the property owned by the Millbrae Dairy, situated on the Crystal Springs road immediately adjoining the city's boundary line. The contract involves \$75,000.

Mrs. Phil Clark is about again after a long illness. Her large circle of friends is delighted to see her about again. In the Yeomen lodge the enforced absence of the capable and genial Lady Rowena has been seriously felt.

G. A. Helmore has been offered and accepted a position on the advisory committee to the board of the San Mateo high school. This committee consists of fifty members, whose duty it will be to help find a solution of the problem confronting the school board anent the overcrowding in the San Mateo union high school.

The "Wireless Dance" to be given at the Bellevue Tavern Saturday night will without doubt draw a crowded attendance. Many visitors from San Francisco are expected, as well as a goodly number from cities down the peninsula. This wireless concert will be the first one taking place in California outside of San Francisco, and should prove a unique and interesting event. In addition to dancing to wireless music and receiving concert music from outside sources, there will be an eight-piece army band in attendance.

P.-T. ASSOCIATION HOLDS ELECTION OF OFFICERS

Friday evening last at the Edgemont school the P. T. A. installed new officers for the coming year.

Mrs. Ledwith, the retiring president, called the meeting to order. After routine business had been disposed of, Mrs. Ledwith called upon the new officers to take their seats.

The retiring president then in a few well-chosen and graceful words thanked all members of the P. T. A.

GRADUATES OF EIGHTH GRADE GET DIPLOMAS

Large Audience Sees Exercises That Mark End of Term.

Wednesday unmistakably belonged to our young people, for it was the great day they had all looked forward to since this school term commenced.

California Hall, long before the hour set for the exercises of the evening, was filled with a radiantly happy crowd of young and old folk, the oldest of whom regained his youth for the time being in sympathy with the occasion. Thanks to Mr. Lombardi and to many of the teachers and parents of the graduates, the stage was banked high with beautiful flowers, which blended well with the youth that occupied the stage.

It is impossible to individualize in reporting this most pleasant affair, but all acquitted themselves well.

The speaker of the evening was Dr. John W. Leggett, who gave a most instructive address to the graduates. The keynote was work, and he emphasized this frequently throughout his eloquent talk, which was listened to with wrapt attention.

Following is the program, which was given in a manner that evoked the warmest applause from the large crowd present:

Song "Star-Spangled Banner".....Marion Bewley
Salutation.....Charlotte and Anna Collins
Instrumental duet.....Doris Galleher
Valedictory.....Doris Galleher
"While Golden Hours Are Flying".....
Address.....Dr. John W. Leggett
Piano solo.....Clarence Olson
Presentation of diplomas.....
Class song.....George W. Edwards
"Hail and Farewell".....

This was an original composition written by Miss Alothea Lindsey, one of the graduating class, and was an exceedingly clever piece of work.

Those graduating were: Nellie Allen, Samuel Barton, Julio Bertozzi, Marion Bewley, Doris Blake, Charlie Brose, Edna Brownell, Mary Caetano, Charlotte Collins, Mary Collins, Frank Coturri, Helen Cribari, Louis Della Maggiora, Lee Edwards, Lester Empey, Kenneth Flynn, Ray Flanders, Neal Foster, Doris Galleher, Alden Griffith, Herbert Holliday, Joseph Hearne, Louis Jentzsch, Laura Kemme, Harry Leslie, Clara Luibel, Alethia Lindsey, Jack Lindsey, Rose Lombardi, Ruth Marceaux, Ronald McLeod, Carl Mortensen, Anna Mullen, Mary Mullen, Clarence Olsen, Irene Openshaw, Elsie Rustice, Sarah Sabel, Dorothy Schawkourtsch, Mildred Sobey, Edward Smith, Virginia Turnbull, Fred Traeger, Kenneth Wallace, Clara Wegman.

August Lund of First Addition has been up north during the past few weeks. It is reported he may decide to take up his residence elsewhere.

COLMA LOCALS

E. Coturri and daughter, Virginia, of San Francisco, were visitors last Sunday.

Justin Tossaro, who has been ill for the past few days, is well and about again.

A Bertetta, one of our progressive citizens, has recently purchased four lots in Castle Tract Homestead.

Miss Albina Bertucci has been a guest for a few days at the home of Mr. and Mrs. Louis Gregory of Crocker Tract.

A marriage license was issued during the week in San Francisco to John Riscosa of Colma and Miss Isola Cecchi of Oliver street.

Little Angelo Olcese of San Francisco is spending his vacation at the home of his grandparents, Mr. and Mrs. Frank Olcese.

Miss Alma Ratto of San Francisco, well known throughout this end of the county, graduated recently from the Monroe grammar school.

Miss Alice May, who has been attending Notre Dame grammar school for the past three years, graduated with high honors last week.

After a pleasant motor trip to Yosemite Valley, Harold, Mr. and Mrs. Bert Clark, and Mrs. K. Wight returned to their home during the latter part of the week.

A large crowd turned out to witness the grayhounds in action Sunday at San Bruno. Steam Belle surprised the coursing fans by winning the champion stake of the San Mateo County Coursing Club.

Miss Evelyn Lafance left Saturday in company with the members of the Young Ladies' Institute, Joan of Arc No. 72, of San Francisco, for Yosemite Valley. The excursionists plan to remain away a week sightseeing.

Mrs. Charles Stewart of San Francisco, who was one of the directors of the afternoon sewing class, Girls' Club of Colma, has written to former pupils from Healdsburg, where she is spending a vacation for a few weeks with her little daughter, Barbara.

Walter Fahlbush of San Francisco was recently united in marriage to Miss Estella Hutley of Salada Beach. Miss Hutley was a graduate with the 1917 class, Jefferson school district. Congratulations and happiness are extended by their many friends hereabouts.

A good time was enjoyed by those from this section who attended the whist party last Wednesday evening at All Souls' Church Hall, South San Francisco, given under the auspices of the Women's Auxiliary, Bernard McCaffery Post No. 85, American Legion.

Which Paint Costs Less?

NOTE how the best paint spreads easier and covers more square yards than cheap paint does.

Figure in the extra gallons of cheap paint that you must buy and the extra cost of application.

It means that cheap paint costs just as much as good paint on the house.

The best paint then gives five or more years' protection to your property investment. Cheap paint on the average, starts cracking in twelve months. Which paint costs less?

72 Years' Experience

The house paints we specify for your home are the result of 72 years' experience in making paints and varnishes for every

purpose. Made to stand the peculiarities of western weather.

The best material—PIONEER WHITE LEAD, pure linseed oil, zinc and color—are combined with long-time skill, in scientifically exact proportions.

Our white lead base must pass through a silk screen with 40,000 meshes to the square inch. A patented purifier makes it "winter," so Fuller paints are exceptionally clear-toned. The paint when finished and applied on the house is a beautiful, elastic, tough, protective coating.

Such paint costs but a trifle more to buy per gallon and is five to ten times more economical in service.

Don't allow surfaces to rot. It costs less to paint them.

FORESTERS' PICNIC AT LOVCHEN DRAWS LARGE GATHERING

The picnic given Sunday at Lovchen Garden under the direction of Court Colma No. 83, Foresters of America, proved to be a financial and social success, due to the energetic members of the order. A large crowd was attracted from San Francisco and the neighboring towns, and all in attendance reported a most enjoyable time. The main pastime for the younger set was dancing.

BABY SON ARRIVES AT HOME OF MR. AND MRS. J. HORKEY

Mr. and Mrs. Jerry Horkey are the proud and happy parents of a six and a half pound baby son, which arrived Sunday, June 11th, at St. Luke's Hospital. Mrs. Horkey before her marriage was Miss Thekla Sturia, only daughter of Mr. and Mrs. Antonio Sturia. The young couple are receiving congratulations from their numerous friends. Mother and babe are doing nicely.

SAN BRUNO

for the support and encouragement extended to her during her term of office. More particularly, she said, she was anxious to thank members of the committees for their loyal support and hearty co-operation in the interests of their society.

Mrs. A. S. W. Grundy next took the floor, and in a short but eloquent speech eulogized the retiring president and the various officers for the great measure of success achieved, and expressed the hope and belief that the new officers would successfully carry on the work. In closing, Mrs. Grundy, on behalf of the P. T. A., presented Mrs. Ledwith with a handsome electric floor lamp with a beautiful silk shade. Mrs. Ledwith was taken completely by surprise and, on essaying to express thanks for the handsome present, was unable to do so. In a few minutes, however, she was again on her feet and gracefully thanked Mrs. Grundy and all members of the P. T. A. for the handsome gift which would, she said, during her life shed its light within her home and remind her of them and the beneficent work that they had been engaged in.

The retiring officers were: Presi-

dent, Mrs. Ledwith; vice-president, Mrs. Cryer; treasurer, Mrs. Callaghy; recording secretary, Mrs. Mathisen. The new officers are: President, Mrs. Callaghy; vice-president, Mrs. Sanger; treasurer, Mrs. Storer; recording secretary, Mrs. Holliday; corresponding secretary, Mrs. Silva.

At the conclusion of the business meeting a short concert was given, as follows: Mr. Callaghy, song; Helen O'Connor, piano solo; Mayor Grundy, song; Rev. Mr. Sanger, piano selection.

The guests were then invited to an adjoining hall, where a bounteous repast was served. G. A. Helmore, being called upon by Mrs. Callaghy, stated he thanked the president for the opportunity given him to express his admiration for the wonderful work accomplished by Mrs. Ledwith during her term of office, which was a difficult period on account of its being a formative and constructive one. He knew no higher, more necessary or more important work, he stated, than that of caring for the young and making them into loyal American citizens, who in due time would themselves be called upon to take up the work their

elders were now doing.

Mayor Grundy, being called upon, spoke in his usual forceful and eloquent manner, and expressed his appreciation of the good work that they had accomplished and he was sure would accomplish in the future. "Mistakes, as your retiring president Mrs. Ledwith has said, were made, but it is inevitable that mistakes be made in any department of human endeavor, and it is through our mistakes that we learn," Mr. Grundy said. He wished them in the coming year the fullest and most complete success.

We thoroughly approve of Mrs. Harding when she says that the first duty of a wife is to look after her home and the comfort of her husband. That comfort stuff will sure catch the man.

Safe Enough.
"That lady has dropped her lace handkerchief. Pick it up."
"I hesitate to do so. It may be her petticoat."
"You're safe in picking it up. Ladies don't wear petticoats."—Louisville Courier-Journal.

Crushed.
"Do you remember the night you proposed marriage to me, dear?" asked the sweet young thing.
"Very well, indeed," replied the cruel man. "Those were two mighty good cigars you put out of business."—Yonkers Statesman.

And here comes another strong argument for better country roads. A truck loaded with beer became mired in the mud and was captured.

SERVICE

An excellent definition of service is that it is "a state of mind—a quality, not a thing." It embraces more than merely supplying a commodity at a given price. The commodity must be of the highest quality and be sold at the lowest price that skill, diligence and reasonable foresight can make possible. It must be delivered promptly and continuously on well understood conditions that apply without discrimination to all alike. And added to this there must be an attitude of friendly helpfulness and willingness to serve on the part of the Company's whole organization and an alertness to effect improvements that will make the service more complete.

KEEP OUR SHIPS ON THE SEVEN SEAS

Importers, exporters, travelers—ship and sail under—the Stars and Stripes

NEW triumphs in steel, steam and electricity have carried the Stars and Stripes back again to the seven seas. On more than fifty trade and passenger routes American owned and operated ships, flying the Flag, are ready to carry your goods, or to carry you, to every foreign land.

They are splendid ships, the pride of American genius, designed and equipped to give the finest passenger comfort, service and safety, and to handle your goods in the most economical way.

Put Your Money in Property
And Go Out And Hustle
For More.

THE best advice to give a man that wants to succeed in this world is to tie up his money in property and to go into debt for some more. That's the way the old-timers made theirs and that is the way the wise new-comers will make theirs.
